

## Illinois Premise Alert Program (PAP)

---

**Premise Alert Program (PAP)** - a computer aided dispatch database of individuals with special needs maintained by public safety agencies.

It is the policy of the State of Illinois and the Kane County Sheriff's Office to ensure that consistently high levels of Public Safety Services are available to all members of the State & Kane County, including people who may require special consideration in order to access services. This program shall seek to afford people with disabilities or special needs or both the same access to Public Safety Services provided to all citizens. It is the intent of this program to offer guidance and direction when responding to and assisting those people with special needs or disabilities or both with whom Emergency Responders will have contact in the performance of their duties and responsibilities. The ability to effectively deal with special needs individuals is enhanced with knowledge or information. The ability to identify special needs individuals, their places of employment, educational facilities, and residences are valuable resources in instances when or if an emergency response by Law Enforcement, Fire Department and Emergency Medical personnel are needed.

Definitions:

**Disability** - An individual's physical or mental impairment that substantially limits one or more of the major life activities; a record of such impairment; or when the individual is regarded as having such an impairment.

**Special needs individuals** - those individuals who have or are at increased risk for a chronic physical, developmental, behavioral, or emotional condition and who also require health and related services of a type or amount beyond that required by individuals generally.
