ABOUT THE SHERIFF

Sheriff Ron Hain

The County Sheriff is the chief principal law enforcement officer of the County and the only full-time elected County law enforcement official provided for by the Illinois Constitution.

The Sheriff is responsible for numerous and diverse services. In addition to providing direct law enforcement and public safety service to all citizens in unincorporated Kane County, a Sheriff and their Sheriff's Deputies also supplement and assist other law enforcement agencies in the County as needed. The Sheriff's Office works closely with and provides assistance to the social service agencies in the County. Along with general law enforcement, criminal investigations, and public safety services, the Kane County Sheriff also provides other services including, but not limited to, Multi-Jurisdictional SWAT, School Resource Officers for the Kaneland and Central School Districts, Too Good For Drugs instructor, bomb detection canine units, narcotic detection and criminal apprehension canine units, Office of Emergency Management, and Bomb and Hazardous Materials Response Unit.

The Sheriff also maintains dockets, registers, jail records, fingerprints, and arrest files. Writs and warrants are executed, and summons and subpoenas are served. The Sheriff's deputies also attend all courts on record, and accept and receipt bail in accordance with the rules of the Circuit Court.

In other statutory duties, the Sheriff maintains the Kane County Jail, which is located within the Public Safety Building and has a total capacity of 640 detainees. These individuals are serving court sentences or awaiting trial in lieu of bail.

Finally, the Kane County Sheriff's Court Security Division provides security for the six courthouses Kane County. These officers have arrest power solely connected to their function in the courthouse.

"The police are the public and the public are the police; the police being only members of the public who are paid to give full time attention to duties which are incumbent on every citizen in the interests of community welfare and existence."

— Robert Peel

Message from Sheriff Ron Hain

Dear Citizens of Kane County,

It has been an honor to have served as your Sheriff over the last four years. This period surely was an interesting and trying time in our County's history. We had many goals at the start of my first term in 2018, beginning with the mission to bring true reformative programming to the Kane County Jail in an effort to reduce recidivism, opioid-related abuse and deaths, and overall crime. This office was also in dire need of modernization of our police services to properly protect our citizens.

As we worked aggressively to implement these changes, we were faced with the COVID-19 pandemic, violent civil unrest in 2020, unprecedented and unfunded police reform laws, and a rise in criminal activity in neighboring counties that affected our own population. Through it all, we were able to implement correctional initiatives that brought extraordinary results and garnered national attention for their outcomes. We equipped our law enforcement deputies with cutting-edge gear and vehicles, along with training that set us far ahead of the curve of most police agencies. Meanwhile, the Sheriff's Office stayed under budget all four years and has maintained real transparency to our public throughout.

I hope you enjoy the 2022 Annual Report, as it provides a spotlight on our work in service to our wonderful community with a look ahead to the next four years of progress for this office and our County.

Yours truly,

A handwritten signature in black ink, appearing to read "Ron Hain", enclosed in a white rectangular box.
